You are now a partner with the farmer, creating a stable market for their crops while enjoying the flavor and health benefits from local, organic food production.

When you join the Taproot Farm CSA as a member you also receive weekly recipes from local chefs, an inside look at what it takes to run a sustainable organic farm in Pennsylvania, and invites to exclusive farm events.

"We believe in growing only fresh, organic produce that you can trust. We don't grow anything we wouldn't feed to our own family and we want you to feel confident in the food that you feed yours. "
