# Seasonal, Local and Organic

[JOIN NOW](#)

By subscribing to a CSA, you are helping to build a more local, equitable, and sustainable agriculture system, one that allows farmers to focus on land stewardship and still maintain a profitable small farm. You are now a partner with the farmer, creating a stable market for their crops while enjoying the flavor and health benefits from local, organic food production.

When you join the Taproot Farm CSA as a member you also receive weekly recipes from local chefs, an inside look at what it takes to run a sustainable organic farm in Pennsylvania, and invites to exclusive farm events.

“

*“We believe in growing only fresh, organic produce that you can trust. We don't grow anything we wouldn't feed to our own family and we want you to feel confident in the food that you feed yours.”*
